

Art.-Nr. 1500028900

The VETTER MAGNASEAL Magnetic Sealing Patch can instantly stop hazardous leaks. The patches are a highly safe and effective way to control liquids and gaseous substances out of magnetic objects. Thanks to its unique self-adhesive, patented sealing solution, VETTER MAGNASEAL is easy to use and can be applied within seconds. Safe Handling Easy & Fast application Cost effective High flexibility for more effectiveness Helps to protect the environment FEATURES: READY TO USE No loss of time, immediate action & quick damage control TOOL FREE ATTACHMENT Sealing within seconds to minimize chemical exposure EASY CONCEPT Low maintenance, short introduction is enough, low source of error COMES IN A BAG Safe transport / storage, isolate magnetic field TEFLON SHEET INCLUDED Increases chemical resistance if needed, protects the patch

Date: **20.03.2025**, subject to technical changes and errors.

Technical Data

Length [mm]:	914.4
Width [mm]:	914.4
Height [mm]:	15.9
Weight [kg]:	43.07
Material :	Urethan-Patch mit eingebetteten Neodym-Magneten. Beschlage pulverbeschichtet und rostbestandig
Back pressure :	min. 1,72 bar / 25 psi
Substances:	Liquid & Gas
Usage:	multiple-times - up to 15 years life
Packaging dimensions:	98 x 98 x 8 cm / 35,58 x 35,58 x 3,15 inch
