

Lifting Bags

Art.-Nr. 3110011400

Versatile classic with great lifting height. Our classic pneumatic lifting bag has proven itself in 40 years of service. Trust in handwork made in Germany and rely on the pneumatics professionals. Internal stabilising straps keep the pneumatic lifting bag from bulging and provide a flat contact area over the entire lifting height. Vetter lifting bags are distinguished by an ideal pressure distribution. In effect, they can also lift thin-walled coachwork such as lorries, vans or small airplanes without damaging them. On soft or slippery surfaces, the clever anti-slip dimples on the extremely tough top and bottom sides provide a firm hold

Technical Data

Width [mm]:	80
Height [mm]:	22
Weight [kg]:	32
Test pressure [psi]:	21,76
burst pressure [psi]:	14,5
Air requirement at working pressure [l]:	1334
max. lifting height [inch]:	29,92
max. lifting capacity [t]:	9
