

Universal shelter

Art.-Nr. 1520000401

Your pneumatic shelter for all kinds of operations. Vetter universal shelters were developed especially for fire brigades. The shelters are designed to need especially little time and personnel for transport, setup and takedown. Benefit from these features of our shelters: self-erecting support frame, low weight, small folded size, ease of use. With our pneumatic shelters, you can quickly set up protective space for colleagues or injured persons. Use the velcro fasteners to connect shelters quickly and easily to other shelters or directly with containers. Vetter universal shelters are suited to a wide variety of uses such as living quarters for large-scale operations, triage facilities, or decontamination measures. For the latter, you can add Vetter shower units to all our shelters. Your pneumatic shelter for quick operations: Only 2 people needed for setup, ready for use in less than three minutes. Flexible, mobile and easy to use. Long time of use independent of electricity. One-piece system in a single package - no loose parts. For optimum performance in the field, Vetter shelter are equipped with extensive features - even in the basic version.

Technical Data

Weight [kg]:	65
operating pressure:	0,5 bar / 7,25 psi
Test pressure :	0,65 bar / 9,43 psi
Packing dimensions:	110 x 85 x 60 cm / 43,31 x 33,46 x 23,62 inch
set up time [sec]:	50
Outer size :	490 x 386 x 248 cm / 192,91 x 151,97 x 97,64 inch
inner size:	490 x 350 x 230 cm / 192,91 x 137,8 x 90,55 inch
Usable area [m ²]:	17
Air requirement [l]:	2025
Connectable with:	PZ 17
Quantity of windows:	4
Typ:	PZ
