

## Universal shelter

---

Art.-Nr. 1520008901

Your pneumatic shelter for all kinds of operations. Vetter universal shelters were developed especially for fire brigades. The shelters are designed to need especially little time and personnel for transport, setup and takedown. Benefit from these features of our shelters: self-erecting support frame, low weight, small folded size, ease of use. With our pneumatic shelters, you can quickly set up protective space for colleagues or injured persons. Use the velcro fasteners to connect shelters quickly and easily to other shelters or directly with containers. Vetter universal shelters are suited to a wide variety of uses such as living quarters for large-scale operations, triage facilities, or decontamination measures. For the latter, you can add Vetter shower units to all our shelters. Your pneumatic shelter for quick operations: Only 2 people needed for setup, ready for use in less than three minutes. Flexible, mobile and easy to use. Long time of use independent of electricity. One-piece system in a single package - no loose parts. For optimum performance in the field, Vetter shelters are equipped with extensive features - even in the basic version.

## Technical Data

Weight [kg]:	85
burst pressure [psi]:	7,25
Test pressure [psi]:	9,43
set up time [sec]:	120
Outer size [inch]:	216,54 x 211,02 x 101,58
inner size [inch]:	196,85 x 196,85 x 94,49
Usable area [m <sup>2</sup> ]:	25
Air requirement [l]:	2568
Packing dimensions [inch]:	43,31 x 33,46 x 23,62
Connectable with:	PZ 25
Quantity of windows:	4
Typ:	PZ
