

Mini Pipe Sealing Bags

Art.-Nr. 1440010700

The small flexible. Mini pipe sealing bags are especially suited for sealing domestic pipe systems due to their short design. In addition to this they can be used when flexibility and curve mobility is required, e.g. in the heating and sanitary sector as

Technical Data

Weight [kg]:	0.76
operating pressure:	2,5 bar / 36,26 psi
Pipe diameter :	12,5-20 cm / 4,92 - 7,87 inch
Diameter :	11,5 cm / 4,53 inch
Cylinder length:	15 cm / 5,91 inch
Air requirement [l]:	30
Total length:	19,5 cm / 7,68 inch
