

## Mini Pipe Sealing Bags

Art.-Nr. 1440010700

The small flexible. Mini pipe sealing bags are especially suited for sealing domestic pipe systems due to their short design. In addition to this they can be used when flexibility and curve mobility is required, e.g. in the heating and sanitary sector as

## Technical Data

Weight [kg]:	0.76
burst pressure [psi]:	36,26
Pipe diameter [inch]:	4,92 - 7,87
Diameter [inch]:	4,53
Cylinder length [inch]:	5,9
Air requirement [l]:	30
Total length [inch]:	7,68
