

Cone sealing bag

- Shape allows for flexible use in almost all pipe profiles
- Easy to handle thanks to its light weight
- Securely seals all pipelines
- Available in four sizes from 250 – 2,200 mm

Seals pipes without compromise.

With this conical sealing bag from Vetter, you will have a powerful aide that keeps pipes reliably sealed and, thanks to its cone shape, will fit almost all pipe profiles from circular, egg, mouth-shaped and rectangular right through to kite shaped.

Thanks to its light weight and compact transport format, this foldable sealing bag can be positioned quickly in the manhole using a drawbar eye. Once there it will impress you with its extremely resistant CR material in our usual Vetter quality – among many other things.

Seal pipelines of all types, even in places where installation is difficult, and concentrate on your on-site work in peace.

Once positioned, draining can be carried out quickly and easily using a vacuum adapter and suction without moving the bag in the pipe. As such, no separate compressed air cylinder is required and you profit from uncompromising quality Made in Germany.

Technical Data

Product	Art.-Nr.	0	1	2	3	4
KK 250-600	1 420 005 600	14.5	41.3	11		
KK 400-1000	1 420 005 700	14.5	74.8	28.7		
KK 600-1600	1 420 005 000	14.5	125.2	70.1		

Column definitions:

- 0: Working pressure [psi]
- 1: Length [inch]
- 2: Weight [lbs]
- 3: Pipe diameter [inch]
- 4: Air requirement [cu. ft.]
