

Rescue paths

- Ready for application in seconds
- Flexibly expendable
- Easy handling
- Anti-slip surface

Providing sure footing on all surfaces.

Always retain sure footing - even on unstable ground! With Vetter rescue paths, your team can walk safely across stretches of water, ice, moorland and bog. The rescue paths require very little compressed air and are ready to deploy in seconds. The three standard lengths of 6, 10 and 15 metres (19.2 ft., 32 ft. and 48 ft.) can be connected, so you will be prepared for any emergency scenario. The convenient anti-slip strips provide your team with a firm grip to safely rescue people who are drowning or sinking.

Technical Data

Load capacity approx. 95 kg / m² (2,255 lbs / sq. ft.)

Product	Art.-Nr.	0	1	2	3	4	5
6 m	1530008502	7.25	9.4	236 x 55 x 4	47	18	62.5
10 m	1530008602	7.25	9.4	394 x 55 x 4	78	30	100
15 m	1530008702	7.25	9.4	591 x 55 x 4	119	45	149

Column definitions:

0: Working pressure [psi]

1: Test pressure [psi]

2: Size (L x W x H) [inch]

3: Air requirement, at 7.25 psi [cu. ft.]

4: Inflating time, approx. [sec]

5: Weight, approx. [lbs]
